REVEAL

From **muraflex**

Elegance in the Design

REVEAL sets a new standard in design elegance with its meticulously crafted features. All hardware is ingeniously concealed within the frame, resulting in a clean, minimalist aesthetic that exudes sophistication. The glass is flush with the aluminum extrusions, creating a seamless and continuous line that enhances the visual flow of your space. This attention to detail and commitment to quality make REVEAL not just a functional addition, but a stunning centerpiece in any modern office setting.

Experience the true essence of refined design with REVEAL.
